

Electrify Your Ride

Explore an electric vehicle to learn about sustainable transportation and the smart energy grid

Inspire socially and environmentally aware students!

One Period Program for Grade 9-12

1. Learn about energy generation in NB, Smart Energy Grid, climate change and electric vehicles
2. Gaia staff will take students for a short drive in the parking lot in our Chevy Volt

Gaia Outcomes

Energy Literacy
Climate Literacy
Career Planning

"To be successful in both the present and the future, learners require the global competencies necessary to be open and engaged citizens." - NB 10 year Education Plan
